- 2729 Sewer and Drain Pipe
- PVC Schedule 80 Pipe and Fittings
- PVC Schedule 30 Thin Wall Pipe and Fittings

DWV - PVC & ABS
We offer a complete line of standard and specialty DWV plumbing products for use in gravity-fed waste drainage systems. PVC pipe and fittings are manufactured in sizes from 1¼ inches through 16 inches, and ABS in 1½ inches through 6 inches.

As the largest manufacturer that makes both pipe and fittings, Charlotte Pipe can be your single source for all your plastic pipe and fittings needs.

PRESSURE
We produce a full line of pipe and fittings for use in pressure applications where temperatures will not exceed 140 degrees F.

All Charlotte Pipe pressure products are highly resilient and inert to attack by many chemicals.
Advantages to Choosing Charlotte Pipe

- Top-notch Customer Service
- Planogram Support
- Bin Tags and Header Boards Offered
- High quality pipe and fittings, including a quality barcode and/or labeling on each product

All Charlotte Pipe® products are proudly made in the USA.

In fact, we employ more than 1300 loyal, hard-working associates, have six extrusion plants and are headquartered in Charlotte, NC.

**CPVC CTS FLOWGUARD GOLD®**

We offer a complete line of FlowGuard Gold® pipe and fittings for hot- and cold-water distribution. FlowGuard Gold pipe and fittings are specially formulated, tested and proven to maintain water purity, resist corrosion and provide durability.

**LARGE-DIAMETER FITTINGS**

Our line of large-diameter fittings includes injection-molded and fabricated fittings produced by experienced fabricators with the latest technology available. This ensures our fittings are attractive in appearance and manufactured to the high-quality standards our customers know and expect.

Also, since we manufacture our own pipe for fabrication, there are no missing product markings. Charlotte Pipe large-diameter fittings are available in sizes ranging from 8 inches through 16 inches.
