WHO WE ARE

We salute the American worker.

As a country we celebrate Labor Day to honor the millions of workers that keep America strong and productive. Without them, the American way of life we all enjoy would not be possible. At Charlotte Pipe we continue to do our part by employing more than 1,400 hard-working Americans making all our products right here in the United States. We're proud to say it's been that way since 1901. So join us in celebrating the people that really are the fabric that binds our great nation.
